WORLD MISSIONS

THE MINISTRY OF JOSUE AND MIKAYLA LOPEZ

Dear Partners, Family and Friends,

At the beginning of April we became a family of three! We welcomed our son and newest member of Love Honduras Ministries, Thiago, into the world. Josue and I are so excited to continue working in the ministry as a family. Summer is the busiest time of the year for Love Honduras. We have a new missions team coming almost every week. We also have interns who will be joining our team for an extended period of time. We will be teaching and training them in everything to do with being a full-time missionary. When we do not have teams, we stay busy continuing to do outreaches and work projects to keep things moving along. Here is a quick idea of what our summer is going to look like. We will be

doing Kidz Clubs, holding many different evangelistic events, door-to-door ministry, visiting hospitals, ministering in the red light district, ministering in churches, building houses, going up the mountains to preach, cleaning homes, and giving away lots of food, clothing, hygiene products and more! These are just some of the various ministries we will be involved in over the next couple of months as leaders in Love Honduras Ministries.

Close to the beginning of the year, while we were ministering in the red

light district of Tegucigalpa, my mom, Pastor Michelle, was led by the Spirit and found a "hotel" where women are being sex trafficked everyday. We have been visiting this hotel with food and gifts for the ladies and children who stay there. We have found favor with the owner of the hotel. She lets us come whenever we want and she even lets us pray for her now. In the red light district we have seen girls as young as eight-years-old working in bars or in the hotels. This area of the city is where the most human trafficking takes place and where we find a lot of drug activity. We have seen God move but

we know He wants to do so much more! Our goal is to get these women and children off the streets and into a safe home. In the meantime, while God supplies Love Honduras with what we need to accomplish that task, we continue building relationships with the girls and showing them love.

As the different teams come this summer we know that they are going to help us to continue to breakthrough in these hard areas God has called us to work in. Hard areas like the red light district, downtown Tegucigalpa, and the remote villages in the mountain. Last year in just four days we saw more than five hundred souls saved through Kidz club inside the schools of Tegucigalpa! We cannot wait to see how God explodes His glory this summer though the teams that come. Some people think serving God for one week will not make a difference. But as a full-time missionary who sees the teams come and go, I can assure you that it does make a huge difference. If you have never gone on a mission trip,

or you have never supported missions you definitely should. God wants to use you to show love to those girls in the hotels, heal people in

the hospitals, or to show love to the fatherless child. The teams that come through Love Honduras to serve always make an impact. Soon we will have many testimonies of what took place this summer here in Honduras. We are expecting revival and nothing less!

If you would like to support our family during this busy season in Love Honduras there are ways to give listed below. If you would like to support our family through prayer, please pray for fresh strength, wisdom to lead the teams that will be coming, and most importantly pray for signs, wonders, and miracles so that more lost souls will be saved. Thank you always for your love and support!

Josue and Mikayla Lopez

Partnership:

Please prayerfully consider becoming a partner with our ministry. All gifts are tax deductible. Our monthly expenses are \$1000.

To send your gift in the mail, make your check payable to:
Buffalo Dream Center
286 Lafayette Avenue
Buffalo, NY 14213
(Memo line – "Mikayla")
